

For Immediate Release

HOPKINS PRINTING MAKES PRINTING IMPRESSIONS MAGAZINE'S TOP 400 LIST

COLUMBUS, OH (February 8, 2011) - 2010 marked another repeat appearance of Hopkins Printing on Printing Impressions Magazine's Top 400 List. The annual list has provided the most complete ranking of leading printing companies in the United States and Canada for 27 years.

Companies earning a spot in the top 400 are in the commercial printing business and produce items consisting of catalogs, directories, books, advertising inserts, business forms, financial printing, publications, and specialty printing. Eligibility for the list is based on annual sales volume so the number reported often reflects the previous year's sales.

Hopkins does not view the distinction of appearing on the Top 400 List as a sole selling point for potential customers, rather, Hopkins believes that it is their company dynamics paired with the Top 400 distinction as something exceptional. The combination of Hopkins' size, values stemming from employee ownership, and credibility of being in the top 400 printers is what allows Hopkins to bring a unique set of values to use. "Hopkins offers its customers the dual benefit of having the experience of an ongoing relationship with a dedicated team, while still being a company which competes on the same level of quality and service offerings as bigger commercial printers" said Vice President of Sales and Marketing Roy Waterhouse.
